HOLD FOR PICKUP		<p>A Shipper may request that the shipment be held at an authorized Dicom location for in-person pickup (in lieu of having the shipment delivered to the delivery address indicated on the Bill of Lading) by ensuring that a "Hold For Pickup" Service Identifier is on the Shipment. Dicom will notify the Receiver by telephone when the Shipment is available for pickup. Where a Receiver is not available to accept a delivery attempt by Dicom, the Shipment will be held at the closest Dicom terminal for in-person pickup. Shipments held for pickup will be held at the terminal for a maximum of five business days. If the Receiver fails to pick up the Shipment during this time, Dicom may return the Shipment to the Shipper at the Shipper's expense. The following conditions apply when picking up a "Hold For Pickup" Shipment:</p> <p>(i) If the Receiver is an individual, the Receiver must present a valid piece of government-issued photo identification.</p> <p>(ii) If the Receiver is a company, an individual authorized by the Receiver must present a valid piece of government-issued photo identification and a signed letter of authorization printed on the receiving company's letterhead.</p> <p>(iii) If the Receiver (whether an individual or company) authorizes a third party to pick up the Shipment on the Receiver's behalf, such third party must present a valid piece of government-issued photo identification and a signed letter from the Receiver, which references the Shipment's package identification number and authorizes Dicom to release the Shipment to such party. Dicom may also release a Shipment to a third party that lives at the same address as the Receiver, provided that such third party presents a valid piece of government-issued photo identification that shows they live at the same address as the Receiver. Notwithstanding the foregoing, Dicom may, in its sole discretion, refuse to release a Shipment to anyone other than the Receiver of the Shipment named on the Bill of Lading. When picking up a Hold For Pickup Shipment that was sent using Dicom's collect service or third party billing service, the Receiver (or authorized third party) will be required to pay all Shipment charges at the time of pickup if such Receiver (or authorized third party) does not have a valid Dicom account.</p>

If a Shipper, Receiver or Third Party has an extremely time sensitive package, the loss or delay of which may result in consequential damages, the Shipper must contact his own insurance agent or broker to insure against such risks, as Dicom does not assume such liabilities. Dicom does not provide and will not arrange for such insurance.</p>
LIMITATIONS OF LIABILITY FOR LOSS OR DAMAGE		<p>Dicom will take responsibility of confirmed loss or damage when an intent to claim is filed within 60 days of the ship date. Claim settlement is subject to Dicom's Terms and Conditions of transport. If no declared value is indicated on the completed and signed Bill of Lading, Dicom's maximum liability is the lesser of: (1) \$4.41 per kilogram (\$2.00 per pound) per shipment; (2) the cost invoice value at origin of the articles that were lost or damaged. Absolute Maximum liability for a shipment regardless of weight or declared value is \$5,000. The shipment's invoice must be paid in full prior to filing a claim. It is in the best interest of the customer to file an intent to claim immediately after damage is reported at delivery with supporting photos. Dicom may decide to inspect damages prior to approving a claim, therefore it is the responsibility of the customer to hold damaged goods in the state in which they were delivered until otherwise confirmed.</p>
MANUAL SHIPPING	\$3.25	<p>per shipment done using a manual Bill of Lading</p> <p>An additional charge will be applied to Parcel shipments if a customer uses a manual Bill of Lading or if the Bill of Lading must be manually processed by Dicom.</p>

Shipments that are not adequately packaged per Dicom's standards will be transported at the Shipper's risk for damage or loss.</p> <p>Dicom is liable for damage that is the result of obvious mishandling in transit. Examples include dents, punctures or tears to the exterior packaging. Damage must be indicated by the Consignee at delivery prior to taking possession of the package. When the Consignee signs for the parcel at delivery, they are confirming that the shipment was received in acceptable condition.
